

MISSION STATEMENT

Mission

The VCU School of Medicine's mission is to improve health through exceptional and innovative discovery, training and patient care.

Vision

The VCU School of Medicine will be known for the accomplishments of its trainees, faculty, staff and alumni in research, education and patient care.

Values

The core values that guide the VCU School of Medicine's conduct, performance and decision-making are:

- Education and lifelong learning
- Respect and integrity
- Diversity and inclusion
- Communication and collaboration
- Innovation and technology
- Community engagement

The School of Medicine is located on the MCV Campus of VCU.
